Duo Bed features two foldaway bunk electrically powered beds:  
■ during the day, the beds slide into the ceiling, leaving room for a lounge,  
■ at night, just flip the switch to lower one or both beds.

Patent pending.

Featured in the low profile 716.

Two beds tucked into the ceiling, in daytime position

Two beds in medium position for one occupant

Two beds in nighttime position for two occupants

# BUTTERFLY BED

*The flexible bed!*

Raise the base to set up your space:

Many storage under the bed

This component is found in the S514 and C514.

The garage is adjustable when the bed is raised

# THE SOLUTION

*for more room*

The EasyBed system lets you raise or lower the bed to adjust the size of the garage area according to your needs.

To be found in the island bed models.

Titanium Premium

## THE SMART *storage system*

7020 Titanium Premium

Featured in the low profile 720 and A-class 7020.

This outstandingly smart concept proves that even in a compact motorhome, storage is not an issue:

- on the outside, you can easily adjust the garage height for storing a scooter or bikes,
- On the inside, there are many easy-to-reach storage areas.

THE HIGHEST INSULATION LEVEL  
*on the market, certified by a norm*

The EN1646-1 standard makes no compromises.  
To obtain the highest level (Grade 3), the standard  
requires that at an outside temperature of  
-15°C, the inside temperature must be able  
to reach +20°C in less than four hours.

Cold room tests have proven that our low profiles  
so as our overcabs\* are built to face severe  
winters and cut down on summer heat. Of course,  
for exception cold, you'll need an isothermal  
curtain on the outside of the cab (in option).

ELECTRICAL TECHNICAL AREA

The electricity area gives you **access to the electrical panel**: no more contortions when you change a fuse!

CLEAN WATER TECHNICAL AREA

The clean water area lets you: **fill the water reservoir**, **adjust reservoir capacity** according to the number of travelers and/or the load transported, **easily clean the reservoir** for maximum hygiene.

HIGH-QUALITY  
*bedding*

All our mattresses are:

- manufactured in France,
- specially designed for our motorhomes with high-quality foam,
- a layer of reinforced wadding (300 g) for a soft feel and optimal-quality bedding.

All our mattresses are encased in a drill fabric that is:

- antibacterial and anti-dust mite (for optimal hygiene),
- certified OEKO-TEX® standard 100 (free of substances harmful to health).

Most of our main bedding comes with a sturdy slatted base as a standard feature for greater comfort and ventilation, with a metal frame for better resistance.

+ High resilience mattress

All our premium mattresses have:

- ① high-resilience foam that adapts perfectly to the shape of your body for minimum pressure,
- ② a thermal-regulating Feranice covering for better dissipation of body heat.

In 1980, the first Chausson model was unveiled in Paris. It was called Odyssée 4000 and it was... a van!

Suffice it to say that "van culture", just like innovation, is a part of our identity.

Many of our customers have made their CHAUSSON their travelling companion and have shared their experience by sending us wonderful photos.

Foldable rear bed

← 5.99 m →

The V594S's big brother, available here in a 5.99 m version means it offers more space. Certainly one of the most tried-and-tested (and popular) layouts on the market.

V594

The Best Seller

Large rear bed, can be folded away if space is needed

- + FIRST LINE ★★★★★
- Rear opening windows
  - Electric step
  - Exterior awning
  - Solar panel (120 W)
  - Panoramic skylight

Specific to the FIRST LINE, the refrigerator is easily accessible from the inside and the outside of the van

← 5.99 m →

Measuring less than 6 metres, this model features 4 permanent beds. Chausson goes even further by making these beds removable for 2, 3 or 4 people.

V594 MAX

The family-friendly vehicle

- + VIP ★★★★★
- Large sliding kitchen drawers
  - Bathroom with folding partition

Detachable rear double beds

← 6.36 m →

It has both a proper garage area and a generous XXL sleeping area. Its secret? An electric fold-down bed (above the garage area) which can be accessed without a ladder when the garage hold is not in use.

V690

The adventurer

- ▶ **During the daytime**  
The storage space is functional: resistant covering, stowage hooks, etc.
- At night-time**  
In its low position, the size of the bed is incredibly generous  
In its intermediate position, the bed also serves to create the garage hold

- + PREMIUM ★★★★★
- Flat windows
  - Wooden shower duck board

← 6.36 m →

Chausson has succeeded in meeting the difficult challenge of equipping a van with 2 good-sized twin beds. You'll love its smart storage solutions such as its double floor under the bed for storing the camping table and chairs.

V697
