ONGOING EN INNOVATION

www.chausson-motorhomes.com

#MyChausson

CHAUSSON

45 YEARS OF AN ICONIC MOTORHOME BRAND

A heritage of innovation, French know-how and eye-catching design.

In 1980, CHAUSSON took advantage of the Paris Motor Show to present the Odyssée 4000, its 1st fitted van. This success quickly led onto new models, including the brand's 1st motorhome: the Acapulco overcab.

Over the years and through various innovations, CHAUSSON has been able to win the hearts of all kinds of travellers, from families to explorers in search of new horizons.

Today, we are not just celebrating the anniversary of CHAUSSON, but a heritage and the continuity of a tradition of French excellence. Our commitment can be summed up as "Ongoing innovation!", since innovation is part of our DNA. Indeed ever since our launch, we have constantly pushed back the boundaries of engineering and created practical solutions to make every trip unforgettable. Optimised space use, cutting-edge technologies... every last detail is designed to improve your comfort and autonomy. Yet this innovation would be nothing without the watchful eye and exceptional know-how of the employees who bring all of our vehicles to life.

We are also celebrating our close relationship with our customers, since your satisfaction remains our priority. Beyond mere vehicle sales, CHAUSSON aims to create ties, with communities of devotees - such as #MyChausson - who share the same vision of travelling and freedom.

So let's blow out these candles together, since it is thanks to these values, this expertise and our exchange of ideas with you that CHAUSSON has managed to elevate itself to become an essential European market player.

So, you ready to innovate with us at CHAUSSON?!

A-CLASS For those passionate about the wide open spaces	P 44-49

SERVICES	P 50
-----------------	-------------

WHY CHOOSE **CHAUSSON** 3 GOOD REASONS

1

FOR ITS UNIQUE FRENCH KNOW-HOW

THE PLANT

MADE IN FRANCE. Surrounded by the vineyards of the Rhône Valley, the main manufacturing site at Tournon-sur-Rhône (Ardèche) is one of the largest in Europe, covering 200,000 m², or 33 football fields.

1 000

EMPLOYEES

Many different teams of professionals are needed to manufacture our motorhomes: carpenters, electricians, decorators, engineers, etc.

8 500

MOTORHOMES AND VANS

The number of vehicles sold by Trigano VDL during a single season.

TRIGANO CAMPUS

TRAINING

This is the place where our dealers are trained. In addition, classes were recently organised at the factory for new employees.

2

FOR THE ESSENTIAL FEATURES

INCREASED AUTONOMY

Thanks to the possibility of adding solar panels and a second battery (as an option), as well as a +/- 100 L water tank*.

SAVING WEIGHT AND TIME, WITH ADDED COMFORT

Thanks to vehicle fuel heating, usable while on the road.

A TECHNICAL AREA

Thanks to the all-in-one Technibox.

OPTIMISED WATER FLOW

Thanks to the shower tray with double drain.

EASY STORAGE WHILE SAVING SPACE

Garage holds with heating and lighting, equipped with electrical sockets and 2 access doors (except X).

* The clean water reservoir capacity approved for road use is 20 L.

FOR ALL-SEASON VEHICLES

IRP STRUCTURE

BETTER INSULATION

thanks to its highly-rated STYROFOAM brand XPS insulation. Caution, if it's not blue then it's not STYROFOAM, remember to check...

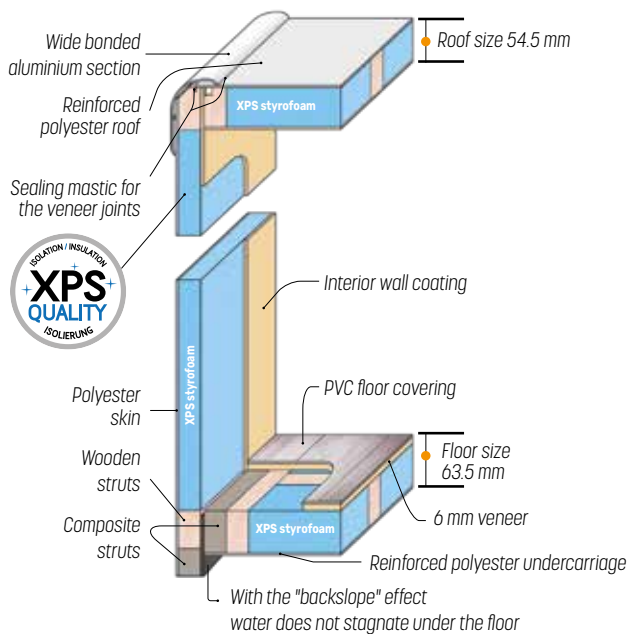

WATERPROOFING

INSULATION

STURDINESS

BETTER RESISTANCE

thanks to its roof and floor thicknesses: With 63.5 mm for the floor and 54.5 mm for the roof (low profiles), we beat the professional standards, please make your own comparison... An effective combination of wood/composite (overcabs & low profiles) which strengthens the framework of our internal walls, floors and roofs, combining the durability of composite with the outstanding strength of solid wood. It is unique on the market...

BETTER PROTECTION

thanks to the polyester on the internal walls, reinforced on the roof and under the floor. And CHAUSSON provides it on all models, right up from entry level! Whatever the finish level, the structure of our living spaces adheres to the same high quality standard.

3

GRADE 3

Market-leading insulation, certified by a standard. It's one thing to say that we offer the best; it's another to prove it objectively. Standard EN1646-1 is unquestionable: to be awarded its highest level (Grade 3), it needs to be proven that, at an outdoor temperature of -15°C, the temperature inside the vehicle is able to reach +20°C within 4 hours. Cold chamber testing has been carried out in Germany (TRUMA) and France (EBERSPÄCHER KALORI). Our tests have proven it; both low profiles and overcabs* are designed to endure harsh winters and temper the summer heat.

* Overcabs with 5500 W heating.

7-YEAR WATER INGRESS GUARANTEE

Subject to an annual inspection by an approved network member.

STRIKING INNOVATIONS

SMART LOUNGE

This ultra-smart lounge concept combines comfort, aesthetics and functionality, both on the road and during stops. Each of the two benches can quickly be transformed into comfortable (ISOFIX-certified) seats for road travel. The objective of the ISOFIX system is to make it easier to install the car seat, and adds a third anchor point to keep your children safe.

630 / 640 / 650 / 720 / 777 / 788

SDR (SMART DRESSING ROOM)

The Smart Dressing Room system lets you adjust the wardrobe height to vary the size of the garage hold area according to your needs. In the lowered position, your closet becomes a whole other room (Model X650).

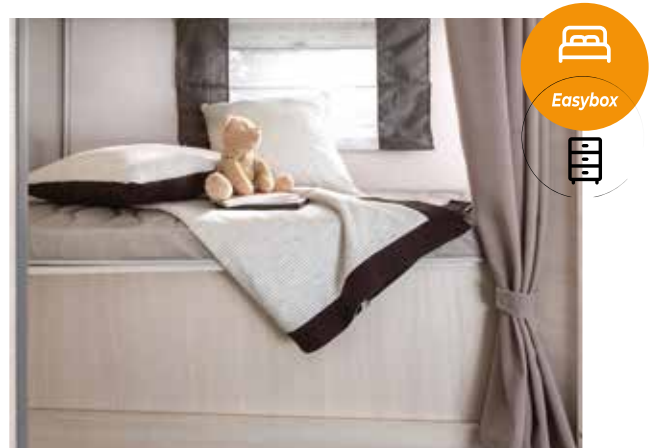

X650

EASYBOX

This modular unit proves that storage is no problem, even in a compact motorhome:

- **on the outside:** you can easily adjust the garage height to store a scooter or bikes.
- **on the inside:** plenty of easily accessible storage areas available (Model 720).

720

EASYBED

The EasyBed system lets you adjust the bed height to vary the size of the garage hold area according to your needs.

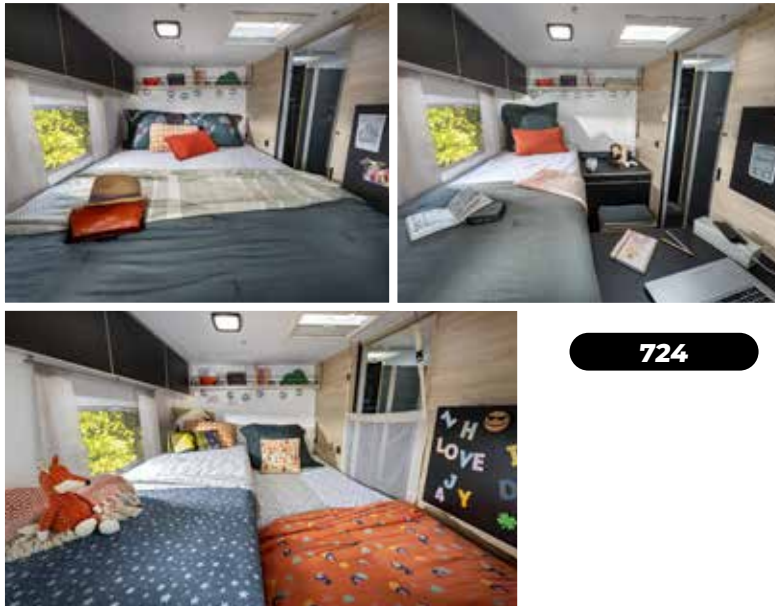

788 & 777

SLIDE & SLEEP

Present in the 724, this innovation allows you to vary the rear part of the vehicle:

At night-time: a fixed single bed can be transformed into a double bed by pulling the drawer. Modular mattresses, enabling you to obtain either a King Size bed, or two independent beds.

During the daytime: the drawer on the second bed folds up to make a desk and storage units with clothes rails.

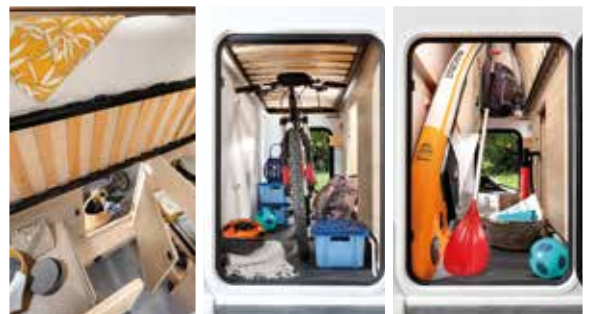

724

BUTTERFLY BED

Foldable "butterfly" bed providing easy access storage units or to increase the size of the garage (Model S514).

S514

T-SYSTEM

The T-System is used to electrically adjust the table height, for an ideal setting. This is perfect when you lower the fold-down bed. The space becomes modular thanks to the discreet and smart Tulip table. An iconic CHAUSSON innovation.

This can be found in all maxi-lounge low profiles

2025 COLLECTION

FOCUS ON BASE VEHICLES

At CHAUSSON, we have chosen benchmark brands, with a chassis specifically designed for motorhomes, and an After-Sales network specially equipped and trained for the leisure market.

Ford and CHAUSSON have a partnership going back more than 40 years. With more than 7 million vehicles sold worldwide, the legendary Ford Transit has proven its qualities over and over.

This year, it has been given a new look, while continuing to offer as standard the best equipment/price ratio on the market.

WHAT'S NEW

- New 8-speed auto gearbox*
- Improved brakes and shock absorbers
- Re-evaluated towable weights
- New wheels
- New logos
- New standard equipment:
 - SYNC 12" system as standard
 - Driving aids: Collision warning, lane departure monitoring
 - Automatic headlights and windscreen wipers
 - Automatic air conditioning

In our constant quest for innovation and quality, we are not content to simply bring you exceptional products. We also provide you with a whole range of services, especially designed to meet your needs. Listening to our customers is vital for us, and we are always prepared to improve our service to you, by taking into account your feedback and suggestions.

A METICULOUSLY SELECTED DISTRIBUTION NETWORK

Each of our partners is selected with care, and embodies our commitment to satisfy our customers. Personalised advice, an attentive ear and friendly service are guaranteed. We believe in a human approach, please do not hesitate to drop into one of our dealers.

FINDING THE CLOSEST DEALER TO WHERE YOU ARE COULDN'T BE SIMPLER:

visit our website and enter your postal code/address.

NEED A SPARE PART?

Trigano Service is the biggest European spare parts and accessories platform for motorhomes, caravans and mobile homes. With Trigano Service, our dealers can find spare parts for all Trigano group vehicles, as well as parts, components and accessories fitted on all vehicles available on the European markets.

A CUSTOMER RECEPTION CENTRE

Choosing CHAUSSON for your motorhome also guarantees you special customer treatment, with a wide European dealer network attentive to your needs, so that you can get the most out of your recreational vehicle. In addition, in conjunction with your CHAUSSON dealer, our Customer Relations department is there to listen to you and provide advice.

To provide you with the best possible reception, you can call the Customer Relations department on **+33 (0)4 75 07 56 50**, or contact us by e-mail (**contact@chausson.tm.fr**) within the times shown below: Monday, Tuesday and Thursday: 09:00 to 11:45

TRIGANO VDL – Customer Reception Centre: 130 route de Lamastre – 07300 Tournon sur Rhône

ONLINE

A DEDICATED WEBSITE

Before you can make an enlightened choice of vehicle, you will definitely need more information. Our multilingual website is there to help you. With the latest news, error corrections and catalogue downloads, our site is your most complete information platform. We also provide a number of tools: vehicle comparison, vehicle selection based on your profile, appointment making with a dealer, 360° virtual visit...for everything there is to know about our motorhomes, at your fingertips!
