#MyChausson

COMBINING AN INNOVATIVE LEGACY WITH ATTRACTIVE DESIGNS AND FRENCH SAVOIR-FAIRE.

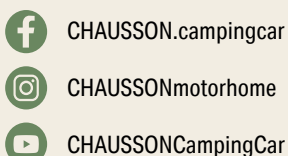

In 1980, CHAUSSON revealed its first fitted van, the Odyssée 4000, at the Paris Motor Show. Its success led to the rapid rollout of new models, including the brand's first motorhome: the Acapulco overcab motorhome. Over the years and through various innovations, CHAUSSON has been able to win the hearts of all kinds of travellers, from families to explorers in search of new horizons.

Indeed ever since our launch, we have constantly pushed back the boundaries of engineering and created practical solutions to make every trip unforgettable. From optimising indoor areas or cutting-edge technology; when it comes to providing a comfortable, convenient experience, nothing has been left to chance. All this innovation would be for nothing without the watchful eye and outstanding expertise of our employees, who bring our vehicles to life.

CHAUSSON doesn't just sell vehicles; it forges relationships and creates passionate communities – like #MyChausson, for example – who share the same love for travel and living free.

SO, ARE YOU READY TO INNOVATE WITH US AT CHAUSSON?!

CHAUSSON

Motorhome design... *driven by passion!*

**CHAUSSON IS A BRAND OF
TRIGANO, THE EUROPEAN LEADER
IN RECREATIONAL VEHICLES.**

CHAUSSON is a renowned French brand with a rich heritage. Our overcab and low profile motorhomes are designed and manufactured by TRIGANO VDL in Tournon sur Rhône (07) nestled in the heart of the Rhône Valley vineyards: around 7000 motorhomes manufactured at one of Europe's largest production sites (covering an area equivalent to 33 football pitches).

A purpose-built factory is dedicated to the design and manufacture of our converted vans.

CHAUSSON operates in more than 15 European countries and benefits from an extensive network of distributors who are true specialists in recreational vehicles.

8500

MOTORHOMES AND VANS

The number of vehicles sold by Trigano VDL during a single season.

1000

EMPLOYEES

Many different teams of professionals are needed to manufacture our motorhomes: carpenters, electricians, decorators, engineers, etc.

TRAINING VIA CAMPUS TRIGANO

This is the centre where our dealers are trained. In addition, classes were recently organised at the factory for new employees.

IRP 360 Structure⁽¹⁾ *the best insulation*

THANKS TO ITS RENOWNED XPS STYROFOAM INSULATION.

SINGLE-MATERIAL

An innovative single-material design that ensures a uniform structure, minimising thermal bridges and optimising the vehicle's overall insulation.

DURABILITY

Thanks to the use of polyester both inside and out, our motorhomes offer enhanced durability against the effects of weather and the environment.

ACOUSTIC COMFORT

The optimised design of the walls helps to dampen external noise, providing superior acoustic comfort on board.

EASY TO CLEAN

The smooth, non-porous polyester surfaces make daily cleaning and maintenance easy, ensuring your vehicle always looks immaculate.

COMPLIANT WITH THE EN 1646-1 GRADE 3 STANDARD,

our low profiles and overcabs* are designed to ensure optimum thermal comfort. Capable of adjusting from -15 °C to +20 °C in under 4 hours, they are built to tackle harsh winters and summer heat alike.

* Excluding vans, Slim low profiles, X Series and A-Class; and with a heating system exceeding 5.5 kW for Overcabs.

7-YEAR WATER INGRESS GUARANTEE

Subject to an annual inspection by an approved member of our network.

MOISTURE-RESISTANT

The naturally waterproof polyester structure provides effective protection against damp and prevents water ingress, ensuring a healthy and durable interior.

REINFORCED MECHANICAL STRENGTH

The reinforced polyester construction ensures excellent resistance to impact and mechanical stress, delivering unbeatable robustness.

SMART LOUNGE

630, 640, 650, 720, 777, 788, 798, X550, X640, S614, 7057 ET 7068

This clever design offers a beautiful lounge that brings together comfort and function, both on the road and during stopovers.

Each of the two benches can quickly be transformed into comfortable (ISOFIX-certified) seats for road travel.

The Isofix system makes it easier to install the car seat and adds a third anchor point to keep your children safe.

Smart Lounge

T-SYSTEM

The T-System is used to precisely adjust the table height, electrically. It comes in very handy when you set up the fold-down bed. Thanks to the ingenious and understated Tulip table, the space is completely modular. A unique CHAUSSON innovation.

T-System

You'll find this in all the maxi lounge low profiles

CHAUSSON

BUTTERFLY BED

Foldable "butterfly" bed providing easy access to storage or increase the size of the garage hold.

EASYBOX

This modular storage unit proves that storage is no problem, even in a compact motorhome.

A DEDICATED WEBSITE

Before choosing your vehicle, you need reliable, comprehensive and up-to-date information.

Our multilingual website is your go-to resource for accessing all the technical data on our vehicles: detailed specifications, dimensions, configurations, equipment, options, engine specifications and practical information.

You'll also find the latest news, errata sheets, downloadable catalogues, as well as a range of tools to help you choose: compare your favourite models, discover your ideal configuration, book a personal dealer appointment, step inside with a 360° virtual tour...

All the essential information is available online, so you can compare, check and choose your motorhome with complete confidence.
